## Novels that Fuel the Soul...

**THE MIRROR OF GOD....** is a provocative, imaginative thriller that confronts the reader with a metaphysical enigma. Hidden in the *Valley of Souls* is a secret greater than all the treasures and knowledge of the world, a secret pursued by agents close to the President of the United States, by a clandestine international society, by a messianic Indian Rishi, claiming the power of the almighty, and by the *Pontifcant*, a religious secret society obsessed with power and redemption. With help coming from three unlikely sources – a coven of witches, an old priest and a U.S. government agent – can a hard-nosed San Francisco historian-for-hire – with uncanny powers of detection – and a rare book dealer, whose father has just been murdered, embark upon a dangerous journey into the remote wilds of Kashmir, into what has been called *Heaven on Earth*. During their perilous and once-in-a-lifetime odyssey, they discover love and their common destiny to solve the mystery of the mirrors.
